

Any Soccer Club Kindergarten

Objective:

To educate volunteer coaches, increase awareness and number of touches of the ball in the game of soccer for the kindergarten players.

Program:

Coaching soccer at the youth level is a very valuable experience. Many coaches of young soccer players are volunteer moms and dads thrown into the coaching realm without any prior experience or knowledge of the game. This program's focus is to help these volunteer coaches develop a proper coaching philosophy, understand how to measure soccer success, and present a sampling of activities and exercises that will keep the players interested and learning at the same time.

A mandatory coach's training session will be held for forty-five minutes. During this session coaches will be presented with soccer game like activities that will focus on the essential skills soccer players need in order to learn the game. Coaches will then practice with their teams for forty-five minutes presenting the coaching points that were learned in the earlier session. After practice each team will play a 3v3 forty minute match.
